Software for IACUC Compliance

# Animal Protocols

Animal Protocols sets the standard for comprehensive and intuitive software solutions for online IACUC protocol management. Using its extensive Reviews and Meetings features, you can manage the entire animal protocol cycle to help ensure FDA, USDA, and GLP compliance.

## Protocols

- ✓ Build custom animal protocol forms.
- ✓ Manage pre-submission reviews.
- ✓ Submit, review, and approve protocols online.
- ✓ Copy, amend, and renew protocols.
- ✓ Attach files and links to protocols.
- ✓ Perform text searches across protocols.
- ✓ Compare multiple protocol versions.
- ✓ Restrict access by user role and protocol.

## Reviews

- ✓ Manage multiple review assignments.
- ✓ Control review access by role and protocol.
- ✓ Comment on question, section, or protocol.
- ✓ Auto-summarize comments from reviewers.
- ✓ Compare with previous submissions.

## Meetings

- ✓ Schedule agendas for IACUC meetings.
- ✓ Draft and finalize meeting minutes online.
- ✓ Add links and attachments to minutes.
- ✓ Check for meeting quorums automatically.
- ✓ Check for reviewer conflicts of interest.

The screenshots illustrate the software's user interface. The top screenshot shows the main dashboard with a navigation menu (Main, Forms, Protocols, Reviews, Meetings) and a central area with icons for Protocol Forms (Create and Maintain), Protocols (Complete and Submit), Reviews (Inspect and Comment), Meetings (Schedule and Record), and Reports (Select and Generate). The middle screenshot shows the 'Create Original Protocol' form with a 'Filter Outline' section and a text entry field for the 'Title'. The bottom screenshot shows the 'Open My Reviews' screen with a 'Filter Outline' section and a list of protocol associates, including Michael Bell and Megan T. Ron.
